

# BRITISH STANDARD SMALL CATERING FIRST AID KIT

✓ MDD Compliant

Our **British Standards Small Catering First Aid Kit** is compliant with 8599-1 legal requirements and covers health and safety regulations within the workplace. Kitchen and catering environments are inherently hazardous, with risks posed by heat, flames, steam, sharp blades, cleaning chemicals, heavy lifting and busy surroundings. Even when safety procedures are followed, accidents can still happen. Relevant products featured include blue detectable plasters, sterile burns gel dressing and wound dressings.
