

## NON-WOVEN ISLAND DRESSING

- ✓ MDD Compliant
- ✓ UKCA Marked & CE Marked

The AeroFix™ Non-Woven Island Dressings offer effective wound care management for larger wounds, abrasions and surgical stitches. The dressings provide a comfortable wound care option that is gentle on the skin. This product is an essential for any first aid kit, offering excellent wound care solution. The AeroFix™ Non-Woven Adhesive Island Dressing is designed to conform to body contours wherever the dressing is placed. Using our SupaBond™ hypo-allergenic adhesive, it creates a wound care option that is suitable for a diverse range of people, especially those that suffer from skin complaints and allergies. In turn, the SupaSorb™ pad leaves the wound feeling clean and comfortable. Its non-adhesive film also reduces pain and wound trauma during dressing changes. Suitable for covering and protecting larger wounds and surgical stitches.
